Re: build out at the village gateway

Dear Resident

As you will be aware, there has been increasing concern over recent years at the speed of cars crossing the Green. It is a relatively straight road, with good sight-lines, which serves to encourage some drivers to exceed the speed limit by a significant amount, in both directions.

Surrey County Council have now taken the decision, discussed with the Parish Council and our County Councillor, to create a build out at the village gateways. I have enclosed a CAD drawing of this proposal, which I hope will be helpful.

The grassed build out will be on both sides of the road, with no priority signs. The intention is that drivers will approach the narrowed road with caution, being aware that the road is only wide enough for single traffic at that point. The current gateways will be replaced with new, the edge of the build outs will be defined with wooden posts, and there will be some low level solar lighting road studs to emphasise the area.

It is intended that the work will start at the end of this month, and should take one week to complete.

Should you have any questions, please do telephone or email me.

Best wishes

Joanna Cadman
Clerk to the Council
